Cibolo Green Elementary, Rm. B118, 1 Week(s), Mon.-Fri., Beg. July 15, 10:30 AM-12:30 PM, $159
B3SA: Frozen STEAM (Ages 5-10)
Students will experiment with a variety of materials as they build, freeze and observe like a scientist! They will also create a variety of art projects that teach scientific ideas. Concepts include: coding, molecular structure, freezing point, absorbing and dissolving liquids, states of matter and making frost/ice, exploring artistic design, mathematics and more! With activities ranging from chemistry and the scientific process to engineering and physics, students are sure to have a blast with B3SA!

Longs Creek Elementary,
Rm. 25, 1 Week(s), Mon.-Fri.,
Beg. June 17, 10:30 AM-12:30 PM, $129

B3SA: Jurassic Jamboree (Ages 5-10)
Junior paleontologists will roar with excitement as they learn all about dinosaurs with B3SA. Students will create fossils and coprolites, participate in a dinosaur dig, measure and compare different dinosaurs and more! Class also includes dinosaur themed LEGO® building challenges and dinosaur crafts and games.

Longs Creek Elementary,
Rm. 25, 1 Week(s), Mon.-Fri.,
Beg. June 17, 10:30 AM-12:30 PM, $99

New! B3SA: Future Vets (Ages 7-12)
Students will take on the role of veterinarian and perform mock exams, vaccinations, first aid treatments and a simulated dissection. Future veterinarians will learn to diagnose patients, develop treatment plans, read x-rays and more! A stethoscope and “adopted” stuffed animal will be theirs to keep at the end of the week! Instruction provided by B3SA.

Cibolo Green Elementary,

Snapology: Kinderbots (Ages 4-6)
Children will explore the world of robotics as they build simple models that teach the fundamentals of robotic design. Whether learning about sensors while building drills and magic wands, or discovering ways that gears and pulleys create movement while building helicopters and robotic dogs, your child is sure to have a great time. Students will learn how to build and program their models using LEGO® Education WeDo 2.0 kits and age appropriate software on iPads®. It is never too early to start learning robotics with Snapology! All equipment is provided.

Longs Creek Elementary,
Rm. 3, 1 Week(s), Mon.-Fri.,
Beg. June 17, 9:00 AM-12:00 PM, $175

Snapology: Minecraft® Movie-Making (Ages 7-12)
Minecraft® will come to life as students create their very own Minecraft® movie with stop motion animation using LEGO® bricks and iPads®. Working in teams to create and build a Minecraft® world, students will produce their very own movie complete with dialogue and sound effects. Movies will be available to view on a secure site for family and friends to enjoy! All materials and equipment provided by Snapology.

Longs Creek Elementary,
Rm. 31, 1 Week(s), Mon.-Fri.,
Beg. July 22, 9:00 AM-12:00 PM, $175

Escape Snapology (Ages 7-12)
Teams will spend their time discovering clues, solving puzzles, answering riddles and manipulating contraptions in order to complete assigned tasks and ultimately unlock the box to escape Snapology! The team that escapes the fastest is given ultimate bragging rights until their record is crushed by a new team! STEM skills are sure to be challenged as students problem solve their way through escape games. Instruction provided by Snapology.

Rm. 32, 1 Week(s), Mon.-Fri.,
Beg. June 24, 9:00 AM-12:00 PM, $189

Mad Science: Camp Eureka! (Ages 6-12)
Each day, students will overcome challenges using basic materials, tips from world famous inventors, newly acquired science knowledge and the most important thing of all - their mind. Students will discover how ideas became inventions, create through inspiration, launch into adventures and more. Instruction provided by Mad Science of Austin and San Antonio.

Cibolo Green Elementary,
Rm. C110, 1 Week(s), Mon.-Fri.,
Beg. July 15, 9:00 AM-12:00 PM, $189

Mad Science Explorations (Ages 6-12)
Explore the world of science! Young scientists will discover space travel as they prep their “egg-stronaut” for flight. Students will problem solve ways to build a flying orbiter and design a crash test helmet to protect their “egg-celent” partner. Additional science explorations include; using the rays of the sun to change the color of beads and to turn a shadow into a picture; figuring out the trick of tight ropes with the help of a balancing friend; and sending friends secret messages using chemical reactions. With the help of Mad Science of Austin and San Antonio, students will discover their scientific passion by exploring life, earth and physical science.

Cibolo Green Elementary,

GENERAL INFORMATION—Classes in this publication are for youth only. We ask that you adhere to the age requirements listed in the course description. The Community Education Program of NEISD is conducted for the benefit and enjoyment of community patrons. Classes are offered for people of all ages regardless of where they live. Classes offered are non-credit. Financial support for the program comes from class tuition. Every effort has been made to make this publication accurate as of the publication date; however, all policies, tuitions/fees, instructors and class content are subject to change at any time by appropriate action of instructors or administrators of this program. All classes require pre-registration. Early registration is encouraged to avoid class cancellations due to low enrollment.

REFUND POLICY—We are happy to refund tuition, less a $5 processing fee, when you withdraw from your class prior to the first class meeting. We understand things happen from time to time that get in the way of you attending a course in which you enrolled and planned to attend. If this is your situation, please give us a call and we will issue a credit of the tuition paid that can be applied to any course you wish to take in the future. Requests must be made by calling Community Education at 407-0140 option 3. Refunds for payments made by credit card will be processed to same card used and will take 24-48 hours. Refunds for cash and check payments will be made by check and will take 7-10 business days for processing.

CANCELLATIONS—If we cancel your class, you will be offered the choice of an alternative class, holdover credit or full refund. Holdover credit can be used toward any class. Registrants will be notified by e-mail or phone if class has been canceled. Refer to “Refund Policy” above if you wish to withdraw from your class.

CONFIRMATION of registrations will not be sent. You will be contacted only if a class is canceled or is already full when your registration is received.

RETURNED CHECKS—A fee will be charged for each returned check.

SUPPLY/FOOD FEES—Some classes have a supply fee which is payable to the instructor at the first class. This fee is in addition to the class fee, which is paid to Community Education and is noted in the class description.

POLICIES—North East Community Education reserves the right to change class instructors when necessary. North East Community Education also reserves the right to refuse enrollment to participants with a history of unacceptable behavior.

INSTRUCTORS—We make every effort to offer courses on a wide variety of subjects and topics, and to ensure that instructors are knowledgeable in the subjects that they are instructing. The views, opinions, descriptions, beliefs or other language included in the course descriptions, or that may be presented during instruction on any subject in any given course, are entirely the instructor’s own, and do not necessarily reflect the views or judgments of either the North East Independent School District or the North East Community Education Department.
